

### **What does the initial consultation cover?**

During the initial consultation, we conduct a comprehensive assessment to determine your eligibility for the EB-1A, EB-2 NIW, or EB-3A classification categories. Specifically for EB-2 NIW, we compare your qualifications with the evidentiary criteria set forth in the precedent case "Matter of Dhanasar," which the USCIS uses as a standard for evaluating NIW cases.

For EB-1A and EB-3A, we also evaluate your qualifications against the respective evidentiary criteria established by USCIS. By the end of the session, you'll have a clear understanding of the requirements for each category, receive an honest evaluation of your chances, and have all your questions answered.

### **Are instalment payments accepted?**

We offer a milestone-based instalment plan, where payments are made as we reach specific milestones throughout the process. This plan allows for payment in five instalments.
